Get ready for October: "Theme of the Day" calendar celebrates Farm to School Month

National Farm to School Month kicks off October 1, but schools and organizations are making plans now! To celebrate and spotlight the many aspects of farm to school, the National Farm to School Network put together a **theme of the day calendar** that you can use to plan your activities. During October, each theme day will be accompanied by a blog post containing information and activity ideas. To further aid your planning process, a preview of all of the blog posts will be available on **farmtoschoolmonth.org** starting in mid-August. The blog posts will be written by a variety of partner organizations throughout the month, providing unique perspectives and stories.

Download this PDF version of the calendar, and check out our other resources as well as the items in our shop, such as **these "I ate local food today!" stickers**.
